LCE is the essential life skills curriculum that:

Was created by established transition authority CEC

Provides online access to 400 interdisciplinary objectives, 1,200 objective-based lesson plans, and 450 correlated test items (written & performance)

Includes comprehensive content aligned to state standards in daily living, self-determination, interpersonal, and employment skills

Affords systematic assessment of baseline student competencies, online tracking of individual growth, and instruction targeted at skill deficiencies

Transfers results directly to quarterly progress monitoring reports, annual IEPs with current strengths and improvement areas, and post-secondary vocational and educational plans

Make your life—and IEPs—easier with CEC's Life Centered Education (LCE) transition curriculum:

The most comprehensive transition curriculum for children with disabilities and youth who are at risk

A self-contained, dynamic, online program that promotes interaction and exploration of critical life skills

An essential life skills curriculum that teaches independence across grade, ability, and interest levels
